SUMMARY

MERN Stack Web Developer with hands-on experience in building responsive web applications and RESTful APIs using React.js, Node.js, Express.js, and MongoDB. Completed a full-stack internship at Techible, where I developed and deployed projects that improved functionality and performance. Skilled in writing clean, maintainable code, problem-solving, and collaborating within teams to deliver impactful projects.

TECHNICAL SKILLS

HTML	React JS	Mongo DB
CSS	Express JS	Git
JAVA SCRIPT	Node JS	Github

PROFESSIONAL EXPERIENCE

FULL STACK WEB DEVELOPMENT INTERN @ TECHIBLE

JUN 2025-AUG2025

- Developed and deployed full-stack web applications using the MERN stack, implementing responsive React front-ends and RESTful APIs with Node.js and Express, resulting in improved user experience and faster performance.
- Designed and optimized MongoDB databases, ensuring efficient data storage, retrieval, and scalability while maintaining secure authentication and authorization with JWT/Passport.

EDUCATION

Higher Secondary (12th Grade)

APR 2021 - APR 2022

Happy Model Higher Secondary School

Focused on Science stream with strong foundation in Mathematics and Computer Science, building problem-solving and analytical skills.

SEPT 2023--JUL 2027

BACHELOR'S OF TECHNOLOGY

MBS College of Engineering and Technology

Gained in-depth knowledge of software development, data structures, algorithms, and database management. Completed academic projects in web development and programming that strengthened practical coding abilities.

ADDITIONAL INFORMATION

- Languages: English, Hindi, Dogri
- Certifications: InternShala Training (Java Programming, Python Programming), Techible(Full stack web developments)
- Projects:
 - Cached-Info – MERN stack project with authentication, study resources , exam papers and tests.
 - Weather App – Real-time weather updates using API integration.
 - Digibridge- MERN stack project with geolocations and all the skills for village peoples
